## Definitions for Ram Sale List

**C.V** this is the co-efficient of variation of fibre diameter. As a guideline, the C.V of good test results should be lower than 20% whilst poor tests greater than 23%.

**C.F** is Comfort Factor as a processing guide, expressed in %, the comfort factor is associated with wools that have their fibres less than 30 microns.

**FAT** is the actual fat depth taken on 22/5/18

**EMD** is the actual Eye Muscle Depth taken on 22/5/18.

### **ASBV's Definitions**

Australian Sheep Breeding Value's (ASBV) are an estimate of the genetic potential a sheep will pass onto its progeny and are designed to be used in conjunction with a visual assessment.

**YCFW** – Yearling Fleece Weight (%) FW – Estimates the genetic difference between animals for clean fleece weight at 360 days of age. Rams with higher figures for YCFW will produce progeny that will cut more wool.

**YFD** – Fibre Diameter – micron, estimates the genetic difference in fibre diameter at 360 days of age. Rams with more negative figures will produce progeny with a finer micron.

**YWT** – Yearling Weight, estimates the genetic difference in yearling weight at 360 days of age. The higher the YWT figure, the more likely rams are to produce progeny that grow more quickly and are heavier at a certain age.

### **New Indexes**

There have been changes to the standard index on Merino Select. Where the index names have a plus+ after them they include more traits and the fertility figures are taken from

actual lambing figures rather than estimates from measurements such as scrotal and body weight. Studs not gathering accurate lambing and ewe pedigree information will not have indexes with a plus +.

### **Index MP+ Merino Production**

This index ranks animals on their ability to produce progeny for a wool operation that's income is a balance of both surplus sheep sales and wool. After 10 years of using the production Indexes you would be likely to get the following gains.

All highlighted ASBV's in the sale list are trait leaders

Scott Thrift 0417 660260

Brad Wilson 0417 467911
